TECHNICAL DATA SHEET

NT721 DOUBLE COATED POLYURETHANE FOAM, BLACK

NT721 is a thermal barrier tape consisting of a high density, flexible urethane foam. The product is supplied in roll form with a protective liner on one side.

<i>Physical Characteristics</i>	<i>Result</i>	<i>Test Method</i>
Density (lbs.ft.)	31	ASDM D-1667
Hardness (Shore A)	35	ASDM D-2240
Tensile Strength (PSI)	180	ASDM D-412
Elongation (%)	125	ASDM D-412
Force to Compressor 10% (PSI)	31	ASDM D-1667
Recommended Service Temp	-40°F to 180°F	
Adhesion	40 oz/in.min.
