TECHNICAL DATA SHEET

**NW729 URETHANE OFF-WHITE HEX PADS**

*This is a medium density polyurethane foam cut into hexagonal bumpers 3/8" x 7/16". This material is very resilient and its low compression set makes them excellent for cabinet bumpers. The acrylic pressure sensitive adhesive is compatible with melamine surfaces. Supplied 200 piece/pad.*

Foam Properties	Test Method	
Thickness		.125"
Hardness	Shore00	40
Density, PCF (kg/M2)	ASTM D3574	30 (480)
Compression Set, %	ASTM D3574 Test D	
	@73°F (23°C)	<2
	@158°F (70°C)	2
Force to Compress @ 25% PSI (kPa)	ASTM D1667	25(170)
Compression Force Deflection PSI (kPa)	ASTM D3574 Test D 12.7mm/min. @25% Deflection	17(110)
Tear Strength, pli (kN/m)	ASTM D624 Die C	30 (5)
Modulus, PSI (kPa)	ASTM D3574	100 (690)
